## The Economic Importance of Early Care and Education

**Children** - Human development

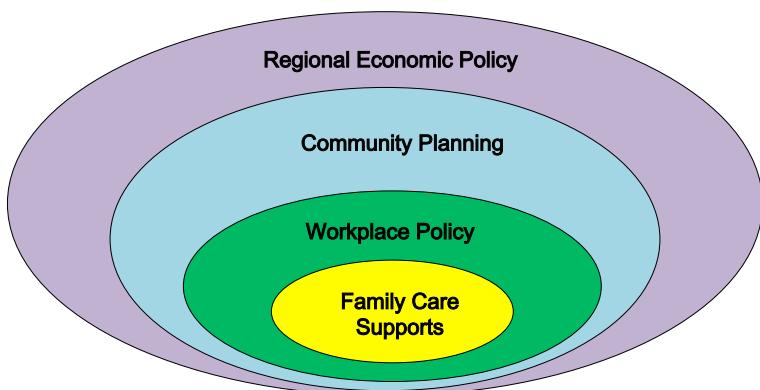

**Parents** – Labor mobilization, career ladders

**Workers** – Better wages and working conditions, career ladders

**Regions**– Critical social infrastructure for economic development

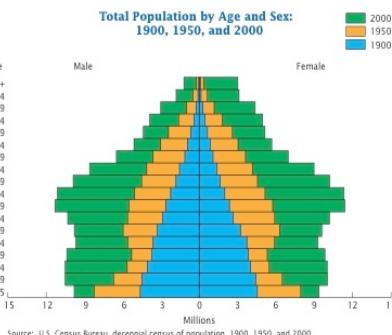

## We Need a Comprehensive Approach to Economic and Community Development

3

## Aging Population Creates Care Needs At Both Ends of the Life Cycle

4

## The Promise of Multi-generational Planning

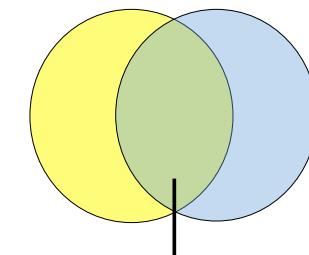

## Core Principles

### Child-Friendly Cities

- Basic Services
- Safe Water
- Safe Streets
- Opportunity to Play
- Civic Participation
- Family Support
- Protection from Exploitation

### Age-Friendly Cities

- Housing
- Transportation
- Services (Health)
- Outdoor Spaces
- Communication
- Civic and Social Participation
- Respect

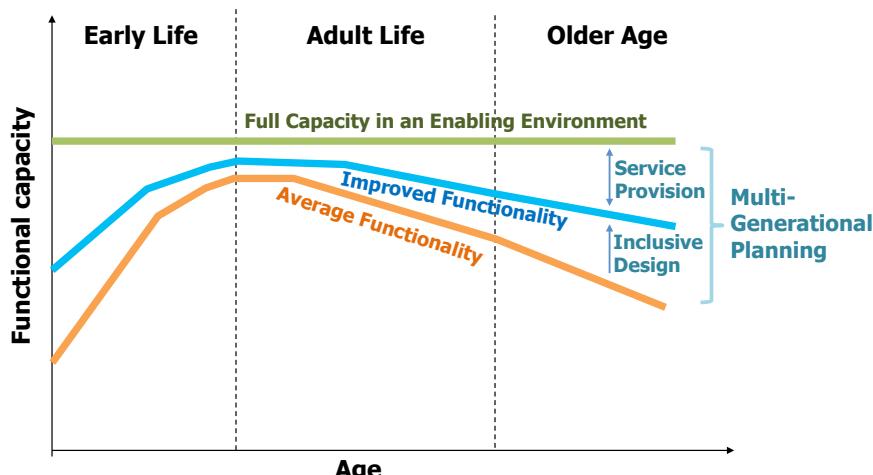

5

6

## A Framework for Multigenerational Planning

The link between design and services

Source: Author based on WHO, Global Age Friendly Cities, 2007

## Three Challenges for Planning

Foster Individual Independence  
(Inclusive Design)

Individual

Promote Community Services (Market and Government)

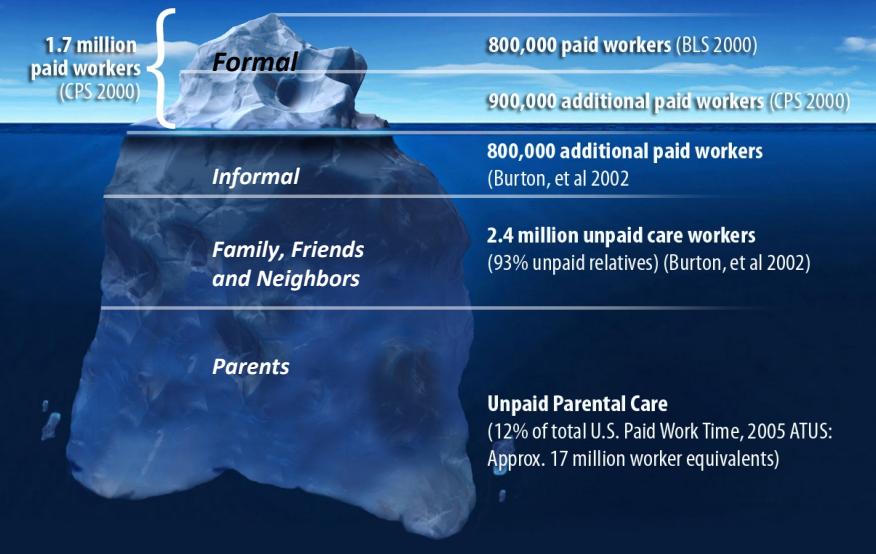

Community Services – Market & Govt.

Informal Networks: Family, Friends and Neighbors

Support Informal Networks

7

**Early Care and Education** : Most care is informal  
Most of the iceberg lies below the water line

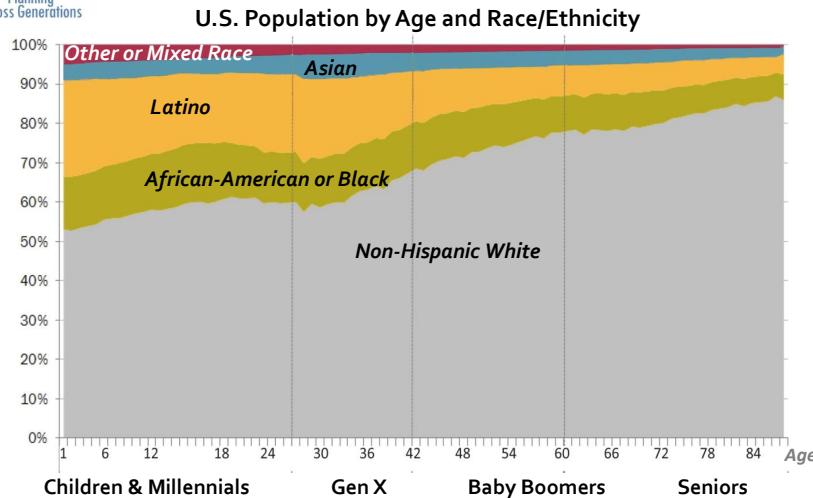

## How do we proceed?

- Build Coalitions
  - across age groups
  - with planners and developers
- Innovations in Planning and Service Delivery

10

## Diversity and the Need for a New Social Compact

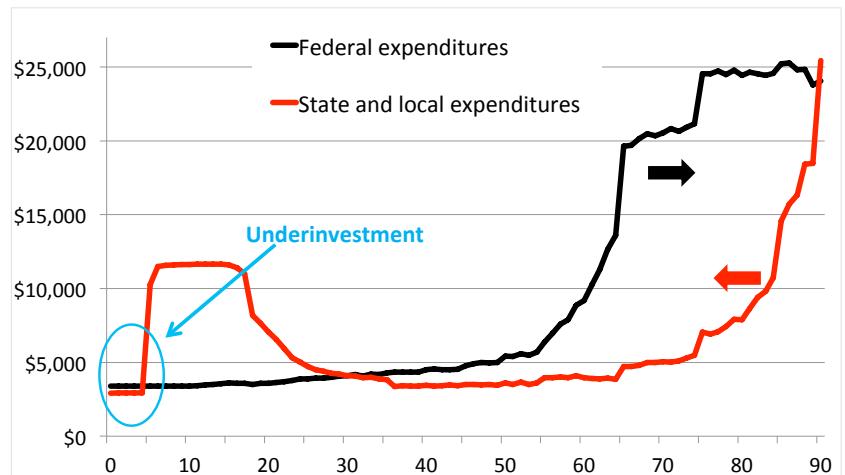

PolicyLink. 2011. "The Changing Face of America: Demographic Change and the New Policy Agenda." Presentation by Manuel Pastor at PolicyLink Equity Summit, 2011.

11

## Government Spending by Age (2004)

Based on estimates by Edwards, Ryan D. 2010. Forecasting Government Revenue and Expenditure in the U.S. Using Data on Age-Specific Utilization, Working Paper no. WP10-01.

12

## Community Planning and Service Delivery

- Surveyed attitudes, actions, zoning and planning
- 2013 Planning Across Generations Survey, 1478 city managers
- 2008 Family Friendly Planning Survey, 944 planners
- 2010 Maturing of America Survey, 1414 city managers
- Data tables that follow show % responding yes to question

13

ICMA Planning Across Generation Survey, 2013 (1,478 city managers responding)

14

## Most trusted institutions used for information and service delivery

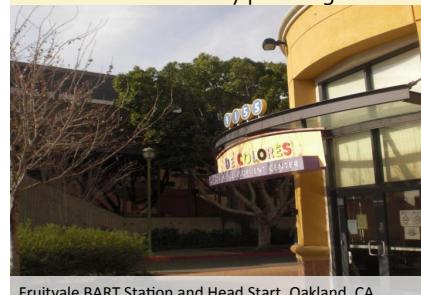

| Trusted Institutions                          | Most trusted by.. |                        | Used for information & service delivery |
|---|-------------------|------------------------|---|
|   | Seniors           | Families with children |   |
| Schools                                       | 8%                | 99%                    | 74%                                     |
| Employers                                     | 51%               | 88%                    | 39%                                     |
| Fire department                               | 92%               | 86%                    | 75%                                     |
| Police  | 92%               | 84%                    | 80%                                     |
| City/county information and referral services | 95%               | 82%                    | -                                       |
| Community nonprofits                          | 92%               | 81%                    | 74%                                     |
| Local retail providers                        | 87%               | 79%                    | 45%                                     |
| Religious institutions                        | 96%               | 74%                    | 42%                                     |
| Health care providers                         | 96%               | 73%                    | 40%                                     |

ICMA Planning Across Generation Survey, 2013 (1,478 city managers responding)

15

## Education – Shared Services

- Joint use agreements **56%**
- Childcare services **50%**
- Participate in school district educational facility planning **28%**

Fruitvale BART Station and Head Start, Oakland, CA

LongView Retirement Community + child care program in Ithaca, NY

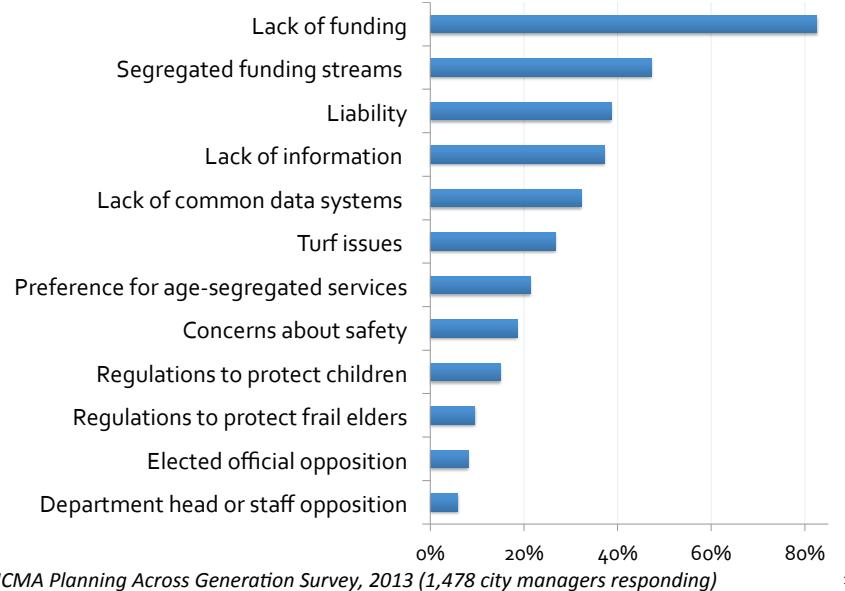

In Charlotte, NC, the community built a school, light rail station for commuters, and parking for both (with a playground atop the parking garage).

Seniors can ride school buses to the supermarket through Age-Friendly NYC. Photo: Getty Images, NYC  
10 % of communities do this nationwide.

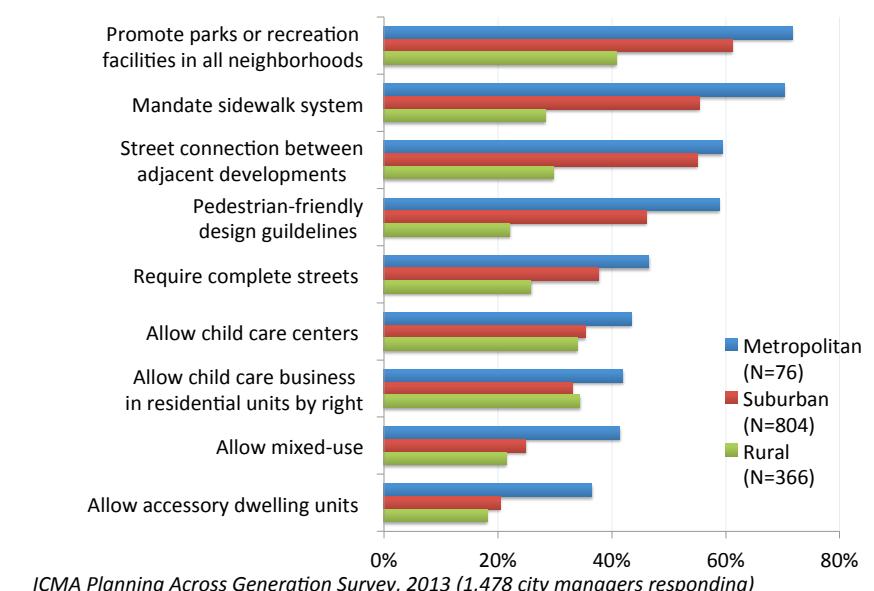

## Barriers to Joint Programming for Different Ages

17

## Built Environment: Planning regulations in communities

18

### Housing

- Family-sized housing (2+ BR) 75%
- Affordable housing 28%
- Accessory dwelling units 21%

### Transportation & Mobility

- Sidewalks 48%, Bike lanes 7%
- Walk-to-school programs 34%
- Complete streets 17%

### Child Care

- Adequate supply of child care 50%
- Family home child care by right 35%

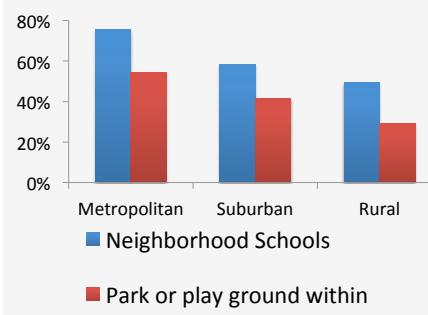

### Mixed Use Development

- Allow mixed use 25%
- Require parks/playgrounds 56%

19

## Park Access

## Solutions

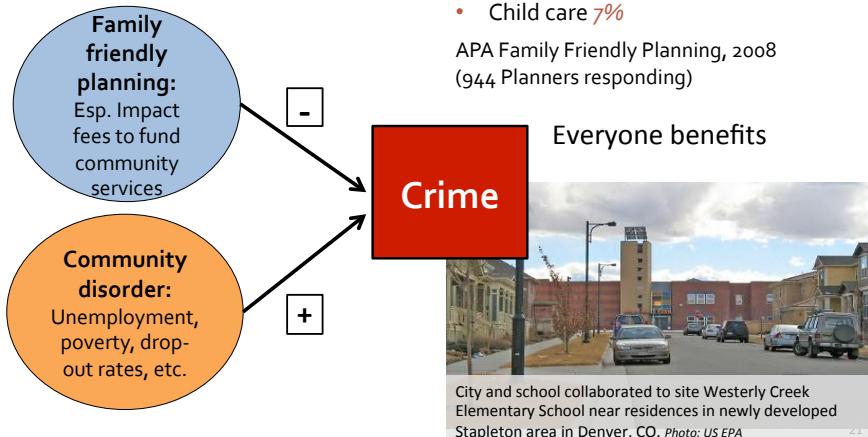

### Tucson Schoolyard Parks

- Identified need through City-led “playspace audit”
- Clear, specific goal: every resident within ½ mile of park
- Elected officials championed the issue
- Overcame security/liability concerns
- City attorney helped craft agreement
- Police department officially involved
- Low cost

Warner, M.E. & J. Rukus, 2013. "Crime Rates and Collective Efficacy: The Role of Family Friendly Planning," *Cities*.

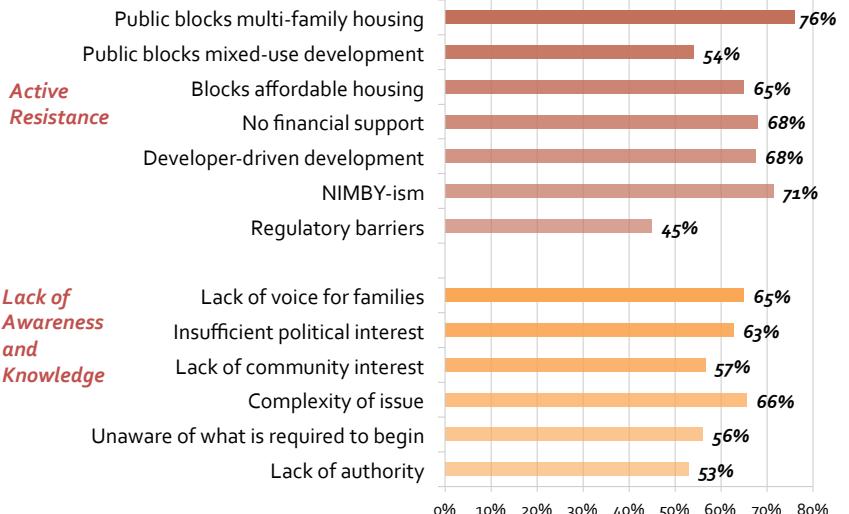

Finance with new partners :  
Developers, Police

**Use impact fees to subsidize...**

- Parks & recreation facilities 45%
- Schools 22%
- Transit 16%
- Child care 7%

### Planning Leads to Action, Ignorance Leads to Resistance

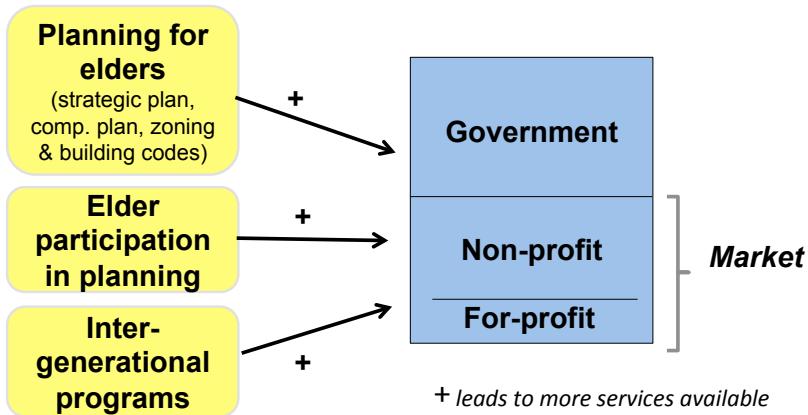

Warner, M.E. and J. Rukus (2013), Planners' Role in Creating Family Friendly Communities: Action, Participation and Resistance, *Journal of Urban Affairs* 23

### Similar Results Found in Survey on Services for Seniors

- 2010 Maturing of America Survey
  - Conducted by ICMA for National Assoc. of Area Agencies on Aging, APA, NLC, NACO, Partners for Liveable Communities. Funded by MetLife
  - 1,414 cities and counties across the US
- Measured **41 services for seniors** (housing, health, workforce dev., transportation, nutrition, recreation, civic engagement) **Average** municipality provides **23 services**
- ◆ Measured **7 planning actions** for aging in place
- ◆ Measured **elder participation** in the planning process and **inter-generational programming**

## What leads to higher service levels?

**Both a government and a market response**

Results controlled for population, poverty, metro status, government finance and council manager government. Avg. service level, 23 services

25

## A Strategy for the Future

- Issue Briefs:
- Joint Use with Schools
  - Health Impacts
  - Rural Differences
  - Gender Concerns
  - Informal Networks
  - Child Care
